

PIONEERS OF INDIAN CUISINE

We roast and grind our spices in-house and use natural flavours and colouring - never artificial versions - meaning every one of our dishes is unique in flavour.

We no longer cook with Ghee, making our dishes lower in fat and suitable for our health-conscious customers.

We source Red Tractor meat and only use British spring Lamb and Durham free range chicken. All our vegetables are freshly sourced from Covent Garden market.

ALLERGIES, INTOLERANCES AND DIETARY REQUIREMENTS

Our dishes are made in food preparation areas where all allergens are present and are in constant use. We only declare allergens on our menu if they are intentionally added to a dish.

While we make every effort to prevent cross contamination in our kitchen, we cannot guarantee that any dish is 100% free of any specific allergen and we assume no liability for any adverse reactions.

For customers with serious allergies, it is important to recognise that there may still be traces of allergens present in the food from airborne contamination and therefore may not be suitable for to eat.
